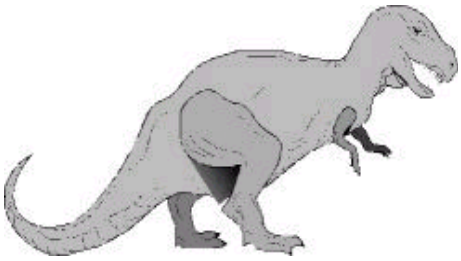
MEET THE COMPOSERS

One composer used a trombone to portray a dinosaur in music.



Another composer used telephone numbers to create a melody. Using the key below, can you write your musical phone number? See if you can find someone to play it for you, so that you can hear what your phone number sounds like as a melody.

1 = C	4 = F	7 = B	0 = E
2 = D	5 = G	8 = C
