

TEMPO

REMEMBER: *In music, the word “tempo” tells you how fast or slow the music is supposed to go; it’s the Italian word for “time.”*

Whether it fits in your pocket or sits on a table, the metronome is your musical time-keeping friend!

HOW FAST DOES YOUR HEART BEAT?

10 beats per minute

60 beats per minute

FIND THE TEMPO OF THE ANIMALS! CIRCLE THE ONES WHO ARE MOVING SLOWLY, OR MODERATELY. PUT AN X OVER THE ONES WHO ARE MOVING FAST.

This program was made possible by the generous support of the McCune Charitable Foundation in Santa Fe, New Mexico.
